## SUMMARY

Dynamic and results-oriented professional with 1 year of hands-on experience in full stack web development, specifically utilizing the MERN stack (mongoDB, Express, React, Node). Seeking to leverage strong analytical and problem-solving skills to transition into a software development role. Proficient in multiple programming languages and frameworks, with a demonstrated ability to learn and apply new technologies quickly. A proactive team player with excellent communication skills, eager to contribute to innovative software solutions.

## TECHNICAL SKILLS

**Frontend:** React, HTML5, CSS, jQuery, JavaScript, Bootstrap, Tailwind CSS

**Backend:** mySQL, Express, NodeJS, Handlebars, MongoDB, Mongoose, RESTful API's, Third-Party API's, NoSQL

## PROJECTS

**Shop Till You Drop** | [github.com/eziegler11/shop-till-you-drop](https://github.com/eziegler11/shop-till-you-drop) | [ezshoptillyoudrop.website](https://ezshoptillyoudrop.website)

**Sole Author**

**August 2023-September 2023**

- Full stack electronics e-commerce app with product info and shopping cart.
- This project demonstrates skills with building a full stack MERN application from end to end. It is designed as a mock e-commerce website for a consumer.
- *Tools/Languages: React, Vite, Express, Axios, MongoDB, Mongoose, Tailwind CSS, React Icons*

**Birders** | [github.com/eziegler11/birders-anonymous](https://github.com/eziegler11/birders-anonymous) | [nlewis742.github.io/birders-anonymous](https://nlewis742.github.io/birders-anonymous)

**Group Project**

**February 2023**

- Allows users to discover birds & weather by location, plus hear bird calls via a bird database API.
- This project familiarizes users with bird calls before visiting a country. Solely responsible for building the backend with JavaScript, successfully connecting the API, and pulling data through to frontend.
- *Tools/Languages: JavaScript, API, Node, HTML, CSS, Materialize, Google Fonts, Heroku*

**Behind The Scenes of An E-Commerce App** | [github.com/eziegler11/ecommerce-CL-app](https://github.com/eziegler11/ecommerce-CL-app)

**Sole Author**

**March 2023**

- Allows a user to view, create, update, or delete products, categories, and tags.
- This project demonstrates skills with CRUD operations, building a backend with routes via Express, and passing data from a database to the backend.
- *Tools/Languages: JavaScript, Express, Node, MySQL2, Sequelize, Express, DotEnv, Insomnia, Nodemon*

## EXPERIENCE

**milehimodern**

**January 2019-Present**

**Real Estate Broker**

**Denver, CO**

- Integrated clients into a cutting-edge Customer Relationship Management (CRM) software, to streamline lead management and enhance relationships with both new prospects and established clientele, ultimately optimizing client satisfaction and operational efficiency by 25%.
- Leveraged extensive real estate knowledge and market insights to empower clients with informed decisions, utilizing various communication channels to ensure clarity and transparency in transactions.

- Orchestrated project timelines for numerous sales transactions, guaranteeing punctual delivery and surpassing client expectations with a commitment to seamless execution and timely results.

**Common  
Leasing Specialist**

**January 2020-August 2020  
Remote | Denver, CO**

- Collaborated with the product development team to identify and address technical challenges through direct customer interaction, fostering a collaborative approach that resulted in swift and effective problem resolution.
- Contributed a pivotal role in elevating the company-wide Net Promoter Score from 4 to an 8 out of 10, achieved through a steadfast commitment to delivering exceptional customer experiences.
- Successfully spearheaded the lease-up of Common's largest acquired property, surpassing the full occupancy target by an impressive 2 months, showcasing exceptional management and strategic acumen.

**Keller Williams Realty  
Real Estate Broker**

**February 2017-January 2019  
Centennial, CO**

- Engineered inventive marketing strategies to engage clients, stay top of mind, and drive results, including a direct-mail initiative that achieved a notable 100% increase in return on investment.
- Strategically utilized a transaction coordinator to redirect focus towards lead generation efforts, resulting in a remarkable 23% increase in sales.
- Directed the negotiation, drafting, execution, and oversight of all sales contracts on behalf of clients, ensuring meticulous due diligence for all involved parties.
